

# FACE TO FACE ALONG THE YALU

Russians Have Crossed the Yalu in Large Numbers From Their Base at Antung.

## RUSSIA CONCENTRATING HER FORCES AT LIAO YANG.

The Yalu River now Alone Separates the Forces of the Czar and Mikado And, the Korean Government Gives a Practical Testimony of Admiration For The Japs.

### Squadron Headed for the Yalu.

Chefoo, March 25.—Offensive operations at the mouth of the Yalu river probably have begun. On Wednesday the small Japanese cruisers, Shiyoda, Takasago, Myako, Tetsuyama and Tenrin passed north of Yang Pampo towards the mouth of the Yalu.

They had no transports or torpedo destroyers with them, and undoubtedly were bent on offensive movements against the forts at the mouth of the river.

With the exception of the Takasago, the other boats can go into any of the bays within good firing distance of the Russians' land fortifications.

### In the Beleaguered City.

Shanghai, March 25.—An Englishman, who was a resident for some years at Port Arthur, has lately arrived at Shanghai, and gives a roscate account of the situation there.

He says that the houses are too scattered for the Japanese shells to do much damage and a large number of the projectiles being of a piercing nature fail to explode.

The Retzian is the only warship seriously injured, and the remainder are being rapidly repaired.

Supplies are ample and the railway is running freely. He considers the capture of Port Arthur by assault as impossible and that to starve them out would be very difficult.

### Russians Concentrating on Liao Tung.

Tokio, March 25.—The Russians are entrenching on the Liao Tung peninsula, where they have ten guns. They are daily sending soldiers in increasing numbers to Liao Yang, and are concentrating between Liao Yang and Mulden, and their number is also increasing at Feng Wang Cheng and Killien Cheng.

### Jews Getting Even

London, March 26.—The Jewish financiers are not only refusing to assist Russia financially, but are in many cases willing to assist Japan by loans, should such be called for.

### PERSONAL

J. Sommerville, Sr., left this morning for Portland, Oregon, called away by the illness of his mother.

L. L. Crockett left this morning for Forsythe, Montana, where he formerly resided.

F. Fry left this morning for Regina and Winnipeg in connection with his tender for the Regina waterworks system.

T. Lued, Lesser Slave Lake, is registered at the Queens.

### LOCAL

Strathcona footballists reorganized next Saturday evening.

J. Lavigne of Beaumont, has purchased the Victoria hotel, Strathcona.

The train from the east failed to connect with the northbound on the C. & E. this morning.

J. M. Lay formerly of Nelson, B. C., will succeed J. M. Kains as manager of the Imperial Bank, Strathcona.

A. G. Penton, formerly of the Great West Saddlery company, has purchased Lo Chir's harness shop, Strathcona.

A runaway team created some excitement on Jasper avenue at noon. They crashed into another team at Gariepy & Lessard's corner and mixed things up considerably. Fortunately no one was injured.

The Criterion restaurant hockey-ists extend their challenge to the boards at the Alberta hotel.

—Joseph J. will be the subject of Pastor McDonald's address on Sunday evening at the Baptist church. This will be the seventh of a series of addresses on "Men Who Failed."

The annual report of the Postmaster General shows Edmonton as ranking third among territorial post offices in the volume of business transacted. The Edmonton office

did business amounting to \$5,953.16, being beaten only by Calgary with \$9,076.40, and Regina with \$15,573.97.

The sixth annual statement of the National Trust Company has been issued in the form of a very attractive pamphlet. The net profits of the company last year amounted to nearly \$90,000. After allowing for three quarterly payments at the rate of six per cent, \$20,000 was added to the reserve fund, and over \$11,000 carried forward. The reserve fund now equals \$320,000.

—In pronouncing the Russian names," says a helpful contemporary, "the reader should remember that the letter J is always pronounced like Y." That explains why the Russians thought they had an easy victory ahead of them. They thought the Japs were Yaps.

The Wetaskiwin Board of Trade are taking steps to extensively advertise their town and secure for it a share of the heavy immigration expected to Western Canada this year. A committee has been appointed to consider the best means of accomplishing the purpose and the town council will be asked for a grant for the purpose.

—During two weeks of the present winter 850 loads of coal were weighed at the town scales. The loads would average two tons each. The amount weighed at the scales during the time mentioned, would, therefore, equal 850 tons per week. As there were several other sets of scales in town it is estimated by Market Clerk Grierson that about one-third of the coal used in town is weighed on the town scales. This would indicate that the coal consumption of the town in cold weather exceeds 2,500 tons per week.

### Russians Gathering In

St. Petersburg, March 26.—The Russians formerly scattered along the eastern coast of Korea, are now gathered into Vladivostok.

### Cannot Protect Jap Residents

St. Petersburg, March 25.—The Governor of the province of Temik has ordered all the Japanese in the province to keep inside their houses and remove the signs from their shops. As he cannot guarantee to protect them, they must be prepared to protect themselves.

### Face to Face Along the Yalu.

London, March 25.—A dispatch from Ping Yang says returns to the Japanese office show that 4,100 Cossacks crossed the Yalu river from Antung during the last five days, and 3,000 Russians are holding Anju and 1,000 are at a strategic point on the Korean bank of the Yalu river. The returns state that 500 members of the Russian infantry and Cossack regiments, have proceeded southward and now occupy Chongju.

The Russians are reported holding the north bank of the Yalu and the Japanese the south bank at Anju, where the latter have thrown up entrenchments. The hostile forces are thus face to face, and deatutory shots have already been exchanged. Hitherto there have been but few casualties.

### Ninety-Eight Thousand Japs on Korean Soil.

Rome, March 25.—A telegram received from Chefoo states that five thousand Japanese landed at Chemulpo, Corea, on March 22nd, making a total of 93,000 Japanese on Korean soil.

### Smokes For the Tars.

Seoul, March 25.—The Korean government has presented fifty head of cattle, thirty casks of wine and 30,000 cases of cigarettes to the Japanese navy in appreciation of its great successes.

The report of the execution of the Russian spy at Ping Yang is confirmed in a cable from Seoul.

The British residents of Seoul and the resident British minister entertained Marquis Ito to a complimentary banquet on the conclusion of his mission to the Korean capital, the result of which has been the practical remodelling of the Korean administration on Japanese lines.

The Russian forces, which have crossed the Yalu into the Korean peninsula, and are now confronting the Japanese far exceed the Japanese former expectations and now number nearly 10,000.

## THIS CANADA OF OURS.

During 1902, 3,813 foreigners became Canadians by naturalization. The total number previously naturalized was 55,171.

During January \$1,269,714 worth of goods entered Canada, on which duty amounting to \$2,017,112 was collected. For the seven months ending with January the imports totalled \$12,147,529. The exports for January were \$12,264,424, and for the seven months ending with January, exceeded \$145,000,000.

The Dominion one dollar and two dollar notes in circulation now amount to \$12,066,172. The net debt of the Dominion on June 30, 1903, was \$261,606,958.87, being \$10,222,100.75 less than at the close of the previous year.

The Dominion pays an average interest rate of 5.32%. Of the latest disputes of 1901, 94 had to do with questions relating to wages and hours and 82 in 1902. There were 13 strikes against the employment of particular classes of persons in 1901, as against 8 for the same cause in 1902. To miscellaneous causes other than those mentioned, there were 16 in 1901 as against 31 in 1902. As to the methods of settlement, 5 disputes were settled in 1901 by arbitration, and 6 in 1902; 5 by conciliation in 1901, and 5 in 1902; 51 by negotiations between the parties concerned in 1901, and 73 in 1902; by return to work on employer's terms, 13 in 1901, and 12 in 1902. Indefinite or unsettled strikes numbered 12 in 1901 and 5 in 1902.

## CALGARY'S REAL ESTATE DEAL.

The Calgary city council appear to have prepared a pretty good sized middle in connection with the unauthorized sale of lots, a mention of which appeared in Wednesday's Bulletin.

The latest development in the case is the publication of the latest opinion of Mr. McAdam, who was asked to conduct an investigation on behalf of the citizens. The report includes this clear and rather severe paragraph:

"Now it is clear that the treasurer was not authorized under the city seal to enter into or execute these contracts on behalf of the corporation. He could not have lawfully set the seal to the contracts in question, nor could the city clerk do so, as it is expressly provided by city by-law No. 352, section 35, sub-section 7, that the clerk shall have charge of the seal of the corporation of the city of Calgary, and only attach the same to any document connected with the corporation on the order of the mayor or the council, or as required by law."

## FREIGHT RATES ON LUMBER.

Frank W. Peters, assistant general freight traffic manager of the C. P. R., is now in the interior of British Columbia on business connected with the readjustment of freight rates generally, but particularly those affecting lumber. In an interview on the subject, Mr. Peters said to a reporter in Rossland: "I come here to talk over the lumber shipping business, and we will do what we can to help the lumbermen of British Columbia, providing, however, that they do their share towards reducing the cost of lumber to the new settlers in the Northwest Territories and Manitoba. We do not want to complicate the influx of settlers by compelling them to pay exorbitant prices for anything and so we will try to arrange matters that they will be able to secure lumber at a reasonable price. The influx is something enormous and our object is to encourage instead of discourage the new settlers."

## HOLY WEEK SERVICES.

The following services will be held in St. Joseph's church during Holy Week—

Tomorrow, Palm Sunday.

High mass at 10 a.m., instead of 10.30. Blessing of the palms before mass. Singing of the passion of our Lord Jesus Christ, according to St. Matthew.

During the week: Services every morning at 8, every evening at 7.30.

Holy Thursday.

Commemoration of the Last Supper and of the institution of the Blessed Eucharist. Service at 8 a.m. Sermon on the Passion of our Lord at 7.30 p.m. (in French). Adoration of the Blessed Sacrament during the whole night.

Good Friday.

Anniversary of the death of our Lord Jesus Christ. Special service at 8 a.m. Singing of the Passion (St. John). Solemn way of the Cross at 7.30 p.m.

Holy Saturday.

Special service at 8 a.m. Blessing of Pascal Candle and of Holy Water.

## SEED OATS.

The Board of Trade have word that the car of seed oats being sent to Edmonton by the Department of the Interior was shipped from Ontario several days since. Orders are coming in rapidly and already exceed the amount of the shipment.

## HAY FOR THE FAIR.

The Exhibition Association have already purchased and now have on the fair grounds, seven tons of timothy hay for use during the fair.

The hay was furnished by T. Daly, of Clover Bar.

Enquiries are coming in continually about horse races, prizes, etc., from points throughout the west, from Winnipeg to Vancouver.

## CHINESE LABORERS FOR PANAMA.

A new treaty regulating the admission of Chinese into the United States is under preparation. The existing treaty, which was made in 1894, will expire next December by limitation. There is reason to believe that it will be more liberal in treatment of Chinese wishing to enter the United States, when they are not actually in the coolie class, than in the existing treaty. Provision may be made for the entry of Chinese laborers into the Panama canal strip.

An attempt has been made to make more extensive use of Chinese labor in the Philippines.

## ALBERTA IRON ORE.

Mr. McAdam returned to town on Friday evening from British Columbia. While in the Kootenay country Mr. McAdam met the parties who are interested with him in the Iron-ore, iron, coal and lands to the north of Edmonton. While in British Columbia he had tests made of the ore and very high assays from the surface ore were obtained, showing returns in metallic iron of about fifty per cent, which is considered a big assay from surface ore.

The discovery of black substance found late last fall on the iron properties, a sample of which Mr. McAdam took with him, he says, has mystified the mining men of the Kootenay and many were the startling guesses as to what constituted the black material. It was generally believed a discovery of a valuable ore would result, judging from its consistency. A fine test could not determine its contents, and in consequence samples will be sent to be thoroughly analysed by a competent chemist in the Michigan school of Mines.

The iron ore which were also assayed, were found to be similar to the manufacture of Portland cement of a very high grade, while fire tests for lime showed astonishing results. It is the intention of Mr. McAdam and associates to form a company with a capitalization of \$1,000,000 in one million shares at one-dollar par value, to acquire and develop land from 3,000 to 5,000 acres of coal, iron and land in Northern Alberta.

## TRAIN COVERED

BY DRIFTING SNOW.

Cattle in Transit Perish in a Manitoba storm which raged on Thursday night.

(Bulletin Special Dispatch).

Winnipeg, March 26.—It is reported from Captain Wilson, a cattle man at Brookview, that the loss of cattle has been appalling during the storm of Thursday night.

The storm here was the worst from seven to midnight, during which period it was impossible for a living soul to weather it.

Several cars of cattle on the side tracks of the main line will naturally succumb. When the train pulled up at Brookview station, the storm was so heavy that it was covered by drifts in a few minutes.

## CAMBRIDGE WON

ANNUAL BOAT RACE.

The Favorites of a Few Days Since Lost by Four Lengths. On the Putney Mortlake Course.

(Bulletin Special Dispatch).

London, March 26.—The sixty-first annual boat race between the eight oars representing the Universities of Oxford and Cambridge was rowed today over the usual course from Putney to Northlake, about 4 1/2 miles, and was won by Cambridge by four lengths.

## WEALTHY FARMER

## CUELING.

In the finals for the Blue Ribbon cup Kinnaird defeated Giles last night 5 to 3.

The finals in the Hardy cup competition were played between Rayner and Campbell's rink, Rayner's rink winning by a score of 14 to 6.

The competition for the Hudson's Bay cup is now narrowed down to Campbell and Kinnaird and with this game the cup competitions for the year close.

## STOCK PERISHING IN MONTANA.

Mr. H. Buteau, who returned a few days since from a trip to Montana, reports that exceptionally cold weather has been the order there during the present winter.

In the Spelly district, the snow was about six inches deep and a hard crust had formed over the top. As the farmers there do not make a practice of putting up hay, the losses of stock were becoming daily more serious.

The great prevented the cattle "rustling" as usual, and the hay stored in the country was in no way sufficient to feed them. In one band of 4,000 head, 600 had already perished.

## BAD MEN OF THE SOUTH.

A Lethbridge dispatch says: The horse rustlers are not all dead yet. On Monday last Alonzo Scott, of Cardston, and on Tuesday Geo. Pyle, of Mountain View, were put under arrest for stealing horses.

Scott is charged with stealing two teams, one from J. C. Brown, of Cardston, which he took over the boundary line and sold to a liveryman in Kalispell, and another team which he traded off near Helena. The first enterprise took him on a six weeks' jaunt. A friend peached on him. He and Pyle are charged with stealing a mare and colt and taking them to Duck Lake, Montana. The colt now wears Pyle's brand.

Developing and printing for amateurs.
